Quality Food Solutions

Farney Foods Limited was established in 1982 by Mr. Brendan Rafferty for the purpose of manufacturing the finest quality home cooked meats.

Farney Foods main product is Traditional Cooked Ham. Leanest pork legs are purchased from reputable Irish suppliers and are cured, cooked and packaged on the premises. Hams are Boiled, Baked or Crumbed depending on our customers' specifications. Products can be supplied as per specification or to specified trimming requirements. All our hams are cured on-site, to an old traditional Irish recipe and are hand boned and crafted by our own team of specialist butchers.

The business was re-located to the Cloughvalley Industrial Estate in 1991 due to an increase in cooked ham production. The premises cover a 6,500 Sq. Ft. area. The production facility is finished to the very highest standards offering the most hygienic conditions possible for intake, production, storage and dispatch of food products. The business has steadily grown over the last twenty years and the company now employs twenty people at its modernised plant. In 2009, a new state of the art extension was built to accommodate the growing requirements by the company for supplying sliced ham products to its customers.

McColgan's

BRC

convenient food . . . worth making a meal of

Over 50 years ago the McColgan family started preparing sweet and savoury pastry products serving them from our butchery delicatessen in the heart of our local community in Strabane County Tyrone. Our family run business produces quality food using recipes passed from one generation to the next. As well as at the butchery delicatessen, which continues to thrive, production is carried out in a state of the art facility which boasts the highest level of accreditation both in our people and processes. "Investors in People" and "BRC Level 1 A Status" are just a couple of the many audits that we undertake each year to ensure that what we do is maintained to the very highest standards.

We hope you enjoy eating our food as much as we do preparing it!

celtic pure

Soft days. Bottled.

Soft days, thankfully we get them. Lots of them! From these soft days Celtic Pure comes its water directly beneath Monaghan's ancient drumlin hills. Generations of the McEnaney family have thrived on its natural purity and now, thanks to the miracle of bottles, you can too! Enjoy!
